Virtual Care

We offer 24/7 virtual care and access to board-certified doctors, psychiatrists, and psychologists by phone or online.

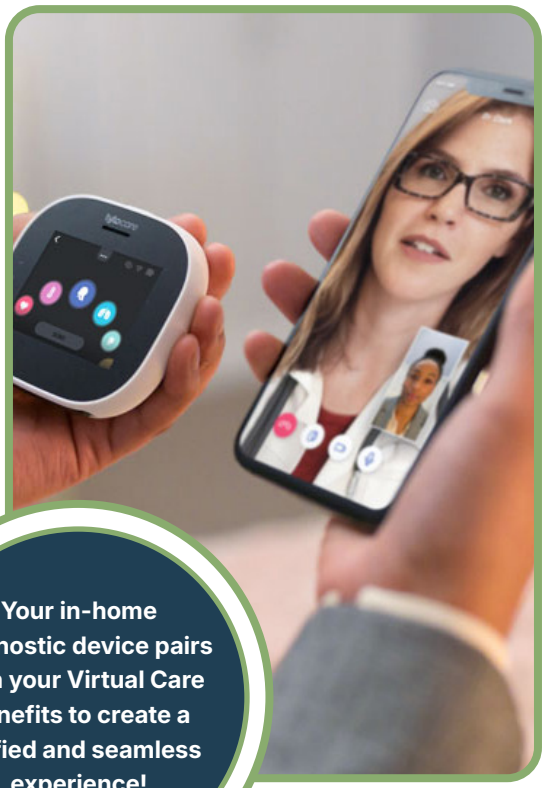

An online doctor visit is convenient, immediate and saves time. With virtual care access, you no longer have to wait to get in or take time off work. Virtual care reduces costly and unnecessary office visits, urgent care visits, and emergency room visits.

For people who travel, work in rural locations, or live in under-served cities, virtual care services can sometimes be the deciding factor between receiving care or not.

Virtual Care Changes the Way You Approach Your Health

With your Virtual Care benefit, **you have access to the following services**, making it more convenient to receive the care you need.

- **24/7 Urgent Care - $0**
- **Primary Care - $0**
- **Psychiatry - $240 Initial | $140 Follow Up**
- **Psychology - $140 Initial | $140 Follow Up**
- **Dermatology - $0 for visits 1-3, then $60 for visits 4+; visit count resets yearly**
- **Care Navigation - $0**
- **Behavioral Health Counseling - $0**

Your in-home diagnostic device pairs with your Virtual Care benefits to create a unified and seamless experience!

Using Your Benefits In-Person

Mutual Health™ is designed to be virtual-first for convenience and cost savings, but we know there are times when in-person care makes sense. When that happens, using your benefits in person is simple.

Office Visits

Present yourself as a self-pay patient and ask for applicable discounts. You may also contact Mutual Health™ for prepayment or payment options.

Emergency Room

When asked for your ID card, advise that you are a self-pay patient. Request any available discounts. No need to show other ID cards you may have for your health share benefits at the emergency room. You can pay up to your UA amount directly to the provider while you are at the visit or after they send your bill in the mail. Open a Sharing Request as soon as its convenient and send the bills to Mutual Health™ as you receive them.

Medications

For medications outside the formulary options in the Virtual Care program, costs for acute healthcare needs can be shared once the member's Unshared Amount has been satisfied.

Outpatient Care

This includes non preventive care such as doctor visits, urgent care, imaging, and recovery therapy. If you are submitting or have an approved Sharing Request with Mutual Health™ then present yourself as a self-pay patient and ask for applicable discounts. You may also contact Mutual Health™ for prepayment or at time of service payment options.

Step One

At the Provider's Office

1. Identify as self-pay
2. Ask for self-pay discount
3. Get an itemized bill for services you receive
4. Submit to Mutual Health™

Step Two

After Submission

1. Open a Sharing Request for a new medical event
2. Choose your payment
   (Pay the provider directly, reimburse you, pay in advance, or issue an instant debit card)

Step Three

Support

1. Seek member support for fair pricing and assistance
2. Submit bills promptly and respond to requests for additional documentation

What can you expect when working with Mutual Health™ for your Maternity Sharing Request?
You have the freedom to choose from a number of eligible maternity expenses with no sharing limit*. In addition, your membership provides a variety of eligible maternity services with a $6,000 sharing limit**. As a one-of-kind offering, Mutual Health™ will order a six-month supply of disposable diapers after delivery (one case per month).

Newborns whose birth is related to an eligible Maternity Sharing Request must be added to the household membership by the parent within 30 days of birth.

Surgery Guide

Mutual Health™ helps reduce surgery costs for both you and the community with timely and proactive planning. It is our goal to make sure this is a smooth process, so you can focus on your mental health going in to it and your recovery after surgery.

Your Path to Surgery with Mutual Health™

We will support you every step of the way, and here are a few steps we take to make this a smoother process.

Is The Procedure The Right Choice Of Action?

It's always helpful to receive a second opinion and explore therapeutic options to confirm surgery is the best course of action for you.

Facility and Surgeon Selection

We can help you choose a high-quality, fair-priced facility, but ultimately, you're empowered to make the decision that's right for you. Receiving our assistance in selection may help waive part of your Unshared Amount.

Payment Options

Prepayment for the facility, surgeon, and anesthesiologist can help keep your costs down. We will work with you to help you find the best payment method for your situation.

Recovery Options

As a Mutual Health™ member, you can choose your recovery options. You also have access to a $3,500 allowance for therapeutic services, so you can recover effectively.

How Sharing Works

What is the Unshared Amount (UA)?

The Unshared Amount, or UA, is the amount a member must contribute as their member responsibility before expenses related to a Sharing Request become eligible with the Health Share community. We offer two membership UA options: $1,500 and $2,500. After the member pays the UA, additional eligible medical expenses are shared with the Mutual Health™ community. There is no annual or lifetime limit on eligible expenses.

Changing Your UA

Members may choose to change their UA once per membership year. If it's decreased, a 60-day waiting period will apply to all Sharing Requests other than those resulting from an accident.

What is a Sharing Request?

A Sharing Request is a method through which members can submit their medical expenses for sharing by the community. Instead of traditional deductibles, Mutual Health™ operates on a per-member, per Sharing Request basis. This means that each Sharing Request is the total number of bills related to a single request. Bills are incurred from licensed medical professionals and facilities, such as physicians, emergency rooms, and hospitalizations.

Sharing Requests Subject to the UA

Medical expenses not outlined as an eligible preventive service are subject to the Unshared Amount. This includes maternity, unexpected medical events, and care for pre-existing conditions after the first year.

Determination of a Sharing Request

A determination is the process by which the Mutual Health™ team reviews Sharing Requests. Documentations submitted by a member or on behalf of a member will be reviewed and evaluated for eligibility based on the member guidelines.

Maximum Shared Amount

There are no annual or lifetime maximums for Sharing Requests. However, according to these Member Guidelines, certain healthcare expenses may be subject to sharing allowances per Sharing Request or once per lifetime of the membership.

Specific Allowances & Requests

Specific requests will be subject to a maximum sharing allowance per Sharing Request or may require additional information due to a limitation or a specifically defined description.

Sharing Request Allowances

Some Sharing Requests, such as alternative treatments and recovery services, will have a sharing allowance after the Unshared Amount is met. All allowances will be clearly outlined in these member guidelines and can be based on a lifetime or per-Sharing Request limit. The allowance is toward the costs up to the specified amount for accrued medical expenses. Some memberships also include allowances for other services, including preventive care. See your specific membership for details.

Safeguard Limit For Multiple Sharing Requests

The "safeguard limit" provides a cap to households that experience more than two eligible Sharing Requests in a rolling 12-month period. Each household membership will only be responsible for two (2) UAs in 12 months beginning on the first service date for each Sharing Request. If a household has met two (2) UAs in a rolling 12-month period, Mutual Health™ will share additional eligible Sharing Requests exceeding $1,500 with no UA responsibility.

Requesting Self-Pay Discounts

Members can submit Sharing Requests before or after receiving medical services. For all purposes, members should present as self-pay patients and communicate costs and discounts to Mutual Health™ as soon as possible. The members are responsible for requesting self-pay discounts and providing documentation for Sharing Requests.

Pre-Existing & Ineligible Expenses

Pre-Existing Medical Conditions

All members have a waiting period for medical conditions that existed before the membership start date. A pre-existing medical condition limitation is applied based on the first date of active membership. Any illness or injury for which a person has had any of the following occur within 24 months prior to the effective date of the membership is considered a pre-existing condition:

- Been examined
- Taken medication
- Had symptoms
- Received medical treatment

Pre-Existing Condition Phase-In Period

Pre-existing conditions have a phase-in period wherein sharing is limited. Members have a one-year waiting period from the initial enrollment date before pre-existing conditions are eligible. After the first year, pre-existing Sharing Requests are eligible with a sharing limit that increases each membership year. Eligible amounts for pre-existing conditions:

- Year One: $0 (waiting period)
- Year Two: $30,000 maximum per need
- Year Three: $60,000 maximum per need
- Year Four: $150,000 maximum per need
- Year Five: The sharing maximum is removed for pre-existing conditions

Cancer

Any testing, preventive treatments, prophylactics, or medications that were taken by the member 36 months prior to the start date of a previously diagnosed cancer will result in a recurrence of that type of cancer being considered a pre-existing condition.

Maternity

Conception occurring within (30) days of the membership start date is ineligible for sharing. Pregnancy existing prior to membership is not eligible. Medical records will confirm the conception date. Members who purposely misrepresent their conception dates may be subject to membership revocation

Exceptions That Are Not Considered Pre-Existing

High blood pressure, high cholesterol, hyperthyroidism, hypothyroidism, and type 2 diabetes will not be considered preexisting conditions as long as the member has not been hospitalized for the condition in the 12 months before enrollment.

Expenses Not Eligible for Sharing

- Abortion
- Adult Immunizations

United National Association Terms & Conditions

United National Association (UNA) is a nonprofit, members-only association that offers a selection of non-insured products and services. As a UNA member, you and your immediate family can take advantage of a wide array of programs and services designed to support your needs.

Membership Date – Membership in United National Association will be effective the date of enrollment and collection of the first dues.

Collection of Membership Dues - UNA may collect Membership dues or may utilize a licensed Third-Party Administrator (TPA). Selected TPA shall agree to administer its duties pursuant to all terms in the Agreement.

UNA is not an insurer, guarantor or underwriter and does not provide any medical treatment, medical services, products, product liability or guarantees for any Member. Providers of products and services are independent contractors and are not employees or agents of UNA. The final selection of a provider, facility or merchant and the approval or disapproval of products or services are the Member's choice alone. UNA and its affiliates do not have the responsibility nor liability for a member or Member's dependents medical care or for any other goods or services provided to Member or Member's dependents. Members shall have no recourse against UNA by reason of its referral to a provider of products or services. No payments to medical providers or Members will be made by UNA. All medical providers are independent contractors and are not employees or agents of UNA.

Product Changes - The products and services contracted by the Association arranged for inclusion into the membership levels may change at any time. UNA will give a minimum of 30 days' notice of any such change to the membership programs.

Cancellation - Members may cancel their UNA membership at any time by emailing their name and membership ID # to info@bnitpa.com or by calling 855-253-4160. Dues will be refunded if cancellation occurs within the first 30 days of membership. There is no return of dues after the first 30 days of membership and no prorated dues or rebates thereafter. Cancellation is effective on the Member's next payment date. Failure to keep your membership payment up to date will result in cancellation of your membership by UNA.

These Terms and Conditions are subject to change without notice.
